

# Midlife Journaling Prompts

Four gentle paths to help you pause, clear the noise,  
and find your footing - one small step at a time.

## Before you begin

Make yourself a drink, grab this guide and a pen, and take a seat. Drop your shoulders away from your ears, breathe in, and exhale completely.

Allow yourself to just be here, exactly as you are, without judgment - and answer with raw honesty. There are no wrong answers. Some paths will speak to where you are right now; others may not. Start with the one that feels closest to home.

You don't need to figure out the whole route today. We just need to find your footing for the next ten minutes.

WHEN YOU FEEL STUCK AND OVERWHELMED

# The Possibility Path

## 1. Creating immediate space

Name one single thing you can take off your plate right now to give yourself some breathing room. Think small - what can wait?

---

## 2. Choosing tiny nourishment

What is one simple thing you could put in its place to bring yourself a little comfort or ease today?

---

---

---

## 3. Listening to the whisper

If a magic wand could pause all of your responsibilities, what is the very first thing your soul would whisper for you to do?

---

---

---

WHEN YOU ARE FACING A BREAKUP OR DIVORCE

# The Horizon Path

## 1. Bringing back the light

What is one hobby, passion or piece of yourself that you put on the back burner - one you are ready to bring back into the light?

---

## 2. Setting your non-negotiables

As you step into new endeavours, what is your number one non-negotiable boundary to protect your energy and peace?

---

---

---

## 3. Taking the bold step

If fear, doubt and the judgement of others weren't in the room, what is one bold, exciting choice you would make for yourself?

---

---

WHEN THE FUTURE YOU PICTURED HAS CHANGED

# The Compass Path

## 1. Naming the invisible loss

Can you name one specific experience, milestone or feeling you grieve missing out on?

Naming it is the first step to taking away its power.

---

---

---

## 2. Gentle comfort for today

What is one small, gentle thing that would make your heart feel a little lighter or more comforted today?

---

---

---

## 3. Glimpsing the horizon
